

Website Development: Week 7

Multimedia Studies Certificate Program
Kansas City Art Institute
Spring 2005

Instructor: Jeffery Mau

Worksession Day

Last in-class session to work on your website
One-on-one time to help each of you with your individual design
Focus on linking pages - the last step in putting your site together.

Website Development Visualization

Illustration to help explain the workflow of creating a website and making it available on the web.

Homework Assignment

- Finish working on your project site from home. You may access the class web server from any computer lab on the KCAI campus by logging in with your unique account during off hours.

Website Development Visualization

When you upload files to your web server you connect via SFTP.

When you view your website in a web browser you connect like everyone else.
